W.P. No.15998 of 1998

The present writ petition has been instituted seeking directions to the respondents to consider the candidature of the writ petitioners for recruitment against regular posts on the strength and basis that they have worked in the matter of collection of revenue for the respondent Board through a private agency nominated for the said purpose. The writ petitioners assert that they have gained adequate experience and such experience would be beneficial for regular employment with the respondent Board.

The learned counsel for the petitioner had placed strong reliance upon the judgment dated 19.6.2000 rendered by the Division Bench of this Court in W.A.No.117 of 2000. However, the Bench speaking through my Lord the Chief Justice had pointed out that the appellants therein may be permitted to make a detailed representation to the respondents to consider their cases for relaxation of conditions for regularizing their services and plead for the factors which are considered favourable to them. Therefore, the learned counsel would urge that a similar relief should also be granted to the writ petitioners as they had put in considerably long years of service in Nellore District attending to one of the important functions of the Board

by way of prompt collection of the revenue of the Board. They also point out that they had been rendering appropriate assistance in the matter of accounting the revenues so collected.

In these set of circumstances, it is only appropriate that the petitioners should be permitted to submit a detailed explanation together with necessary material in their support for consideration of their cases for relaxation of the conditions which the learned Standing Counsel for the respondents – Sri G.Vidya Sagar assures will receive proper attention at the hands of the Superintending Engineer (Operations), Southern Power Distribution Company, Nellore which has succeeded to the former A.P.S.E.B. in this regard.

With this, the writ petition stands disposed of accordingly. No costs.
